

RSID™- Urine Field Kit

Safety Data Sheet R-4000

according to 29 CFR 1910.1200 Hazard Communication
Date of issue: 07 01 2020 Supersedes 06 2015

SECTION 1: Product and company identification

Product Identifier

Product Form : Substance

Name : RSIDTM- Urine Buffer

Synonyms : None

Intended Use of Product : aqueous extraction of biological evidence, as directed Contact information : Independent Forensics, 500 Waters Edge, Suite 210

: Lombard IL 60148 U.S.A.

: phone (1) 708.234.1200; fax (1) 708.978.5115;

: e-mail info@ifi-test.com

Emergency telephone : 1-866-424-2400

SECTION 2: Hazards identification

Classification of substance or mixture : Aqueous buffer

Hazard pictogram

Signal word : Warning

Hazard Statements : H303 May be harmful if swallowed

: H313 May be harmful if contact with skin

: H316 May cause mild skin irritation

: H320 Causes eye irritation

Precautionary Statements : P262: Do not get in eyes, on skin, or on clothing

: P270: Do not eat, drink or smoke when using this product : P303 +P361 + P353: IF ON SKIN (or hair); remove/take off immediately all contaminated clothing. Rinse skin with

water/shower

: P305+P351+P338; IF IN EYES; Rinse cautiously with water for several minutes. Remove contact lenses, if present and

easy to do. Continue rinsing

Other hazards : no additional information available

Unknown acute toxicity : no data available

EN (English) SDS ID R-4000

SECTION 3: Composition / Information on Ingredients

Substances

CAS No : 7647-14-5; 7447-40-7; 9005-64-5; 26628-22-8; 9048-46-8, 77-86-1

: Sodium chloride; Potassium chloride; Tween-20; Sodium

azide; BSA fraction V, Tris

0.02% sodium azide

SECTION 4: First aid measures

Description of first aid measures

First aid measures general : Remove contaminated clothing, flush area with water

First aid measures after skin contact : Remove contaminated clothing, flush area with water

First aid measures after eye contact : Rinse cautiously with water for several minutes, remove

contacts if convenient, continue water flushing

First aid measures after ingestion : Rinse mouth, DO NOT INDUCE VOMITING

Most important symptoms and effects, both acute and delayed

Symptoms/injuries after eye contact : Eye irritation

Symptons/injuries after skin contact : Skin irritation

Symptoms/injuries after ingestion : Ingestion may cause nausea, vomiting and diarrhea

SECTION 5: Fire-fighting measures

Extinguishing media : Carbon dioxide, Dry chemical, Water spray or fog

Special hazards arising from substance : No reactivity hazard

Fire hazard : No significant fire hazard

Explosion hazard : No significant explosion hazard

Reactivity : No significant reactivity

Advice for fire-fighters : Exercise caution when fighting any fire

Protection during fire-fighting : Fire-fighters should wear full protective gear.

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

General measures : Use personal protective equipment (PPE). Handle with

good laboratory hygiene and safety practice. Area should

be equipped with shower and eye-wash station

For non-emergency personnel : Use appropriate personal protective equipment (PPE)

Emergency procedures : Evacuate unnecessary personnel

For emergency responders : Use appropriate personal protective equipment (PPE)

Emergency procedures : Flush area with water

Environmental precautions : Clean up spills immediately. Prevent entry to sewers and

public waters

Methods for material containment and clean up

For containment : Absorb and/or contain spill with inert material, place in

suitable container

Methods for cleaning up : Clean up spills immediately and dispose of waste safely

SECTION 7: Handling and storage

Precautions for safe handling

Additional hazards when handling : None

Precautions for safe handling : Avoid contact with skin, eyes or hair. Use personal

protective equipment (gloves) when handling

Hygiene measures : Handle in accordance with good industrial

hygiene and safety procedures. Wash hands and other

exposed areas with mild soap and water

Conditions for safe storage, including any incompatibilities

Technical measures : No special measures

Storage conditions : 2-8°C storage is recommended. Keep container closed

when not in use

Incompatible products : None Incompatible materials : None

SECTION 8: Exposure controls / Personal protection

Control Parameters

Sodium azide CAS 26628-22-8 : ACGIH Threshold limit value 0.29 mg/m³

Exposure Controls : Adequate ventilation

Personal protective equipment : Protective eyewear, gloves

Hand protection : chemically resistant gloves

Eye protection : safety eyewear Skin and body protection : laboratory coat

Other information : when using do not eat, drink or smoke

SECTION 9: Physical and chemical properties

Information on basic physical and chemical properties

Physical state : liquid

Appearance : clear liquid
Color : colorless
Odour : none

Odour threshold : no data available

pH : neutral

Relative evaporation : no data available

Melting point : 275°C

Solubility : soluble in water

Initial boiling point range : aqueous solution, 100°C

Flash point : no data available
Evaporation rate : no data available
Flammability : no data available
Vapour pressure : no data available
Relative vapour density at 20°C : no data available

Density : 1.85 g/cm³
Solubility : very soluble

Log Pow : no data available log Kow : no data available Viscosity : no data available Explosive properties : no data available

Molecular formula : N3Na

Molecular weight : 65.01 gr/mole

SECTION 10: Stability and reactivity

Reactivity : Contact with acid liberates gas

Chemical Stability : Stable

Possibility of hazardous reactions : acids, metals, acid chlorides

SECTION 11: Toxicological information

LD50/LC50:

CAS# 26628-22-8:

 $\begin{array}{lll} \text{Inhalation, mouse} & : \text{LC50} = 32400 \ \mu\text{g/m}^3; \\ \text{Inhalation, rat} & : \text{LC50} = 37 \ \text{mg/m}^3; \\ \text{Oral, mouse} & : \text{LD50} = 27 \ \text{mg/kg}; \\ \text{Oral, rat} & : \text{LD50} = 27 \ \text{mg/kg}; \\ \text{Skin, rabbit} & : \text{LD50} = 20 \ \text{mg/kg}; \\ \text{Skin, rat} & : \text{LD50} = 50 \ \text{mg/kg}; \\ \end{array}$

Skin corrosion/irritation : irritant
Eye corrosion/irritation : irritant
Respiratory or skin sensitization : irritant

Germ cell mutagenicity : not classified
Carcinogenicity : not classified
Reproductive toxicity : not classified
Specific organ toxicity (single exposure) : not classified
Specific organ toxicity (repeated exposure): not classified

SECTION 12: Ecological information (non-mandatory)

Toxicity

Fish : Rainbow trout: LC50 = 0.8-1.6 mg/L; 96 Hr.; 13°C Fish : Bluegill/Sunfish: LC50 = 0.7-0.8 mg/L; 96 Hr.; 18 °C

Persistence and degradability : no information available

Bioaccumulative potential : no information available

Mobility in soil : no information available

SECTION 13: Disposal considerations (non-mandatory)

Waste treatment methods : waste number P105

Waste disposal recommendations : non-hazardous waste

SECTION 14: Transport information (non-mandatory)

UN Number : UN1687

UN Proper shipping name : Sodium Azide
Transport hazard class : Packing group III
Proper shipping name : RSID™ Urine Buffer

Hazard labels : None DOT Hazard Class : 6.1

Environmental hazards : no information available

SECTION 15: Regulatory information (non-mandatory)

Regulatory information on aqueous mixture

National information : no information available Regional information : no information available

SECTION 16: Other information

SDS Creation date : June 04 2015 Revision date : July 01, 2020
